Keeping You Safe

We've developed new ways to help you learn, safely.

We've made sure our courses are flexible so that you can keep learning.

- Many of our courses can be completed online.
- We offer courses that mix online learning and classroom sessions, with smaller groups coming together at any one time.
- Some of our longer courses will begin with online learning, adding in classroom sessions later in the academic year.

We know that personal circumstances change. We will find ways to help you continue your learning, whatever is going on around you.

We've taken steps to protect our staff and learners from Covid-19

- ✓ Our venues have been adapted to make sure our tutors and learners can follow social distancing guidance at all times.
- ✓ Cleaning, hygiene measures and all our ways of working reflect the latest Public Health England and Government guidance.

SOUTH WEST
LEARNING FOR ADULTS

Reinvent Your Future With On Course South West

**Develop the skills you need.
For life. For work. For you.**

Learn With Us

On Course South West offers courses to support adult learners across Plymouth and surrounding areas.

Our adult learners have many different reasons for wanting to learn and we work with you to make sure your learning choices have a positive impact in your life.

Are you looking to find a new job after redundancy or return to work after a break? Refreshing your knowledge and developing new skills are great ways to build confidence and impress your new employer.

Are you working towards a promotion or career change? We help you gain qualifications that support your progress, with flexible options that fit around your current work commitments.

Are you looking for balance in your life or an escape from daily pressures? Our creative skills courses help you follow your passion or take time for yourself.

Whatever your starting point, we can help.

Find Your Course

Whether you're interested in work-related learning, personal skills growth or career and business qualifications, we have something for everyone.

We can help you choose the right course to help you reach your goals. If you can't find what you're looking for, call us and we'll help you build your personal learning journey.

To see our full range of courses, visit:

www.oncoursesouthwest.co.uk

or call:

01752 660713

You must be 19 or over to study with us. Other terms and conditions apply. Please check our website or ask us for details.

From accounting to business skills, education, GCSE science (double award) or counselling, we have courses to help you return to work or progress in your career.

Work Ready

Develop your computing and digital skills with courses for people at all levels. We have courses for people getting started with technology, as well as offering qualifications.

Digital Skills

Our online platform gives you access to your learning anytime, anywhere so you can gain nationally recognised qualifications at your own pace. Subjects include mental health first aid, understanding climate change, safeguarding, data protection and more.

Online Qualifications

With courses designed for adults, we help develop your literacy and numeracy skills, gain qualifications, including GCSEs, and increase your confidence in these essential skills.

English & Maths

Tap into your creativity with our range of creative courses and workshops. There's something for everyone, from crafting to watercolours, painting and upcycling.

Creative Skills

Take time for yourself with our range of positive, relaxing health and wellbeing courses, such as mindfulness, drumming and meditation.

Mental Health & Wellbeing

Did you know we offer language courses in French, Spanish, Italian and Greek? Choose from beginners to advanced or holiday-ready courses.

Foreign Languages

How much does it cost?

We keep our costs low to make sure our courses are affordable for everyone.

- ✓ Some adult training courses are free.
- ✓ We offer reduced fees for learners on certain income or benefits.
- ✓ We have special offers available throughout the year.

Call our team to find out if you can learn for free and how we can help you.
